- Ordering for this CSA begins August 15th!
- Pick up your CSA at Nutrition Center - Bowling Green

Sunny Point Gardens

Recent Story from Kentucky Farms, Kentucky Flavor

What folks are saying!

"a fan in Nashville."

By: Kandance Starr

Dear Gardeners,

"I was the woman who told Debbie, I was so impressed with your greens!
I told her in all my years (since 1970) of buying produce both here (Nashville) and
California (Santa Cruz & San Francisco) I have never had such beautiful, clean and
tasty produce! Your presentation is also very impressive!
Keep doing what your doing and know you have a fan in Nashville."

"I absolutely love them!!!! "

By Carlo Scharlow

Alan and Sandra,

Just wanted to thank you for the sugar snap peas you gave us on Saturday. They
were delicious! We shared some with my parents - my mom commented that they
were "so crunchy". We love the food we get from you! Thank you for your dedication
to growing healthy food! Our family is very grateful for all that you do - AND for your
expertise! I cannot say this enough - I have never tasted such fresh, flavorful greens
in my life! I absolutely love them!!!!

"Very clean produce with great taste"

By: Kaye Shelton

We have really enjoyed the produce that we have gotten at Sunny Point Gardens so far. The onions, radishes, and lettuce have a different taste that is wonderful. I am sure that it is because no chemicals and pesticides are used in any way to raise the produce. The produce is also the cleanest you will find. Their produce requires less cleaning and that is a time saver. We can't wait until other produce is available. You will also enjoy getting to know the owners of Sunny Point Gardens. They are a great family.

"Great greens"

By: John Thompson

Thanks for the produce, Sunny Point Gardens. This is the way vegetables were meant to taste. Even my children commented about how much they like their salads, and that's unusual for my picky kids. Y'all keep growing that organic goodness!

"Our CSA farm"

by: Brandi Pace

Everyone should go to this website and Like this page on Facebook. This is our CSA

farm and we LOVE them. They are located in Edmonson County and are wonderful people. [Alan Davis](#) is the farmer and he works so hard to provide high quality, organic, and chemical free produce. His wonderful wife, Sandra, makes the most beautiful flower arrangements also. Please check them out and consider buying a share into this farm. Thank you Davis family for providing our family with wonderful produce all summer long. We love you guys!!!

"Gorgeous Flowers"

by: Paula Quinn

I bought a huge bouquet of pink Lisianthus from the Sunny Point Gardens folks at the farmer's market in Bowling Green KY on Saturday, and lovingly tended the gorgeous flowers by clipping the stems, scrubbing the vase, and adding sugar and plant fertilizer to the clean water every day. Yesterday, Wednesday, I divided my bouquet into thirds, clipped the stems, removed the dead flowers, and shared one-third of the original bouquet with my dear hairdresser and the whole salon, and another third with a bedridden friend. I've just divided my remaining third into three smaller bouquets that I've placed here and there in the house. This is day five and the flowers are still fresh and glorious. Thank you, Sunny Point gardens for touching so many lives with the beauty that you grow! Fondly, Paula, Bowling Green, KY

Here's How It Works

Prepay your CSA by choosing one of 3 different options.

Then you can order from weekly harvests with an online shopping cart and receive exactly what you want and when you want it.

Our on line ordering program automatically deducts your order amount from your credit balance.

If you use up your credit you can always add additional.

**Sign up by July 25th and receive a 10% free credit
added to your account.**

Ordering for this CSA begins August 15th
